**Date:** Friday, June 21, 2013 9:16:34 AM

---

Sorry folks – This looks like it is going to get delayed again because of schedule conflicts with Earl and Gary next week. How does July 2 after 3:00 or July 3<sup>rd</sup> work for everyone?

---

**Subject:** San Jacinto Feasibility Study Flow Simulations and Remedial Alternatives

Folks – Please see below from Gary and let me know if we can re-arrange our meeting for Friday next week. I will be at a remote site in Louisiana on Thursday, and am afraid I won't have cell or internet coverage.

David, Earl,

I just learned that I have to do a site inspection on Tuesday, so I won't be able to do the call then, and I have another site visit on Wednesday. Sorry about this, but what does everyone's availability look like for Thursday & Friday of next week?
